UNIVERSITY

Why mobile, why now

- Expand how and the reach of where you can service customers – in-store, garden center, in the yard or on the road
- Enables easy curbside-pickup
- Collect signatures at drive-thru, pick-up locations and during deliveries
- Offer delivery service to save your customers time, expand your business offering and ultimately meet evolving consumer demand
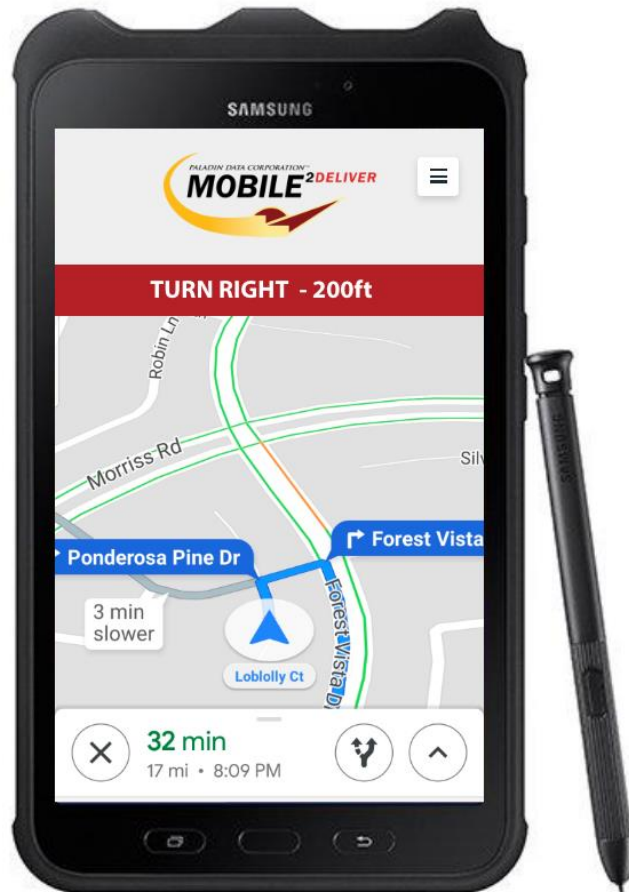

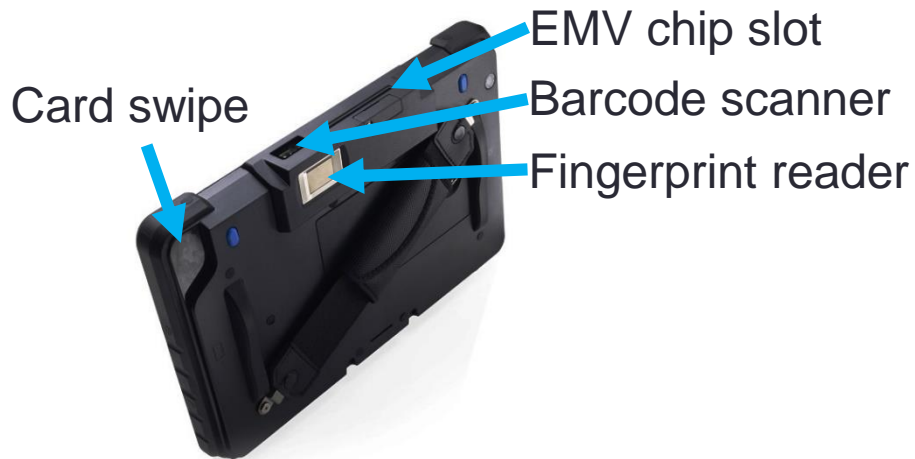

Our Mobile Apps

Mobile2Checkout

- Works on newer Android devices.
- Sell anytime, anywhere
- Accept multiple tender types, including cash, check, debit/credit cards, gift cards, and charge on account
- Store orders as a quote, and then do in-store checkout
- Recall stored quotes and checkout on your mobile device
- Respects pricing plans and trade discounts.
- Process returns

Mobile2Deliver

- Web-browser application for mobile devices
- View scheduled deliveries
- Accept electronic signatures which completes the invoice in Paladin
- Make edits (notes and quantity adjustments) to an existing delivery
- Take photos of deliveries
- Syncs with Delivery Scheduler within Paladin
  - Delivery Scheduler lets you manage deliveries and view real-time status updates
