Manage Your Most Important Resource – People

Charles Owen

Chief Experience Officer

July 14, 2020

WHAT YOU'LL LEARN

- Trends in retail workforce management
- Introduction to Deputy (time clock & workforce management)
- The integration
- Deputy software demonstration
- Q & A

Trends in retail workforce management

There are many unforeseen trends as the country continues to work through the effects of Coronavirus

- Doing more with fewer people and hours
- Working smarter, not harder
- Increased communication with staff RE: protocols and new processes
- Instruction on cleaning workstations, machines, etc.

Introduction to Deputy

LABOR COSTING

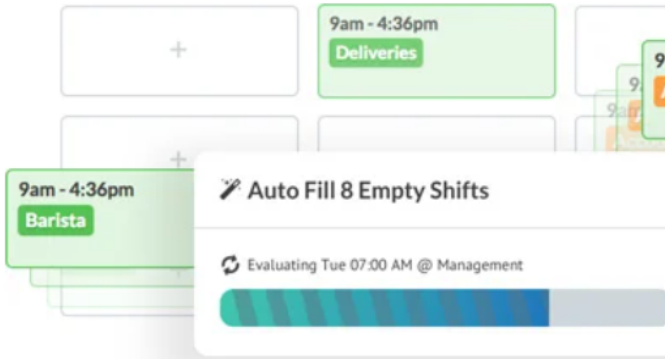
Control costs with real-time data on wages vs sales

Make sure you're running on budget. Deputy gives you a clear view of how your wage costs compare to sales so you can improve your labor cost percentage.

AUTO-SCHEDULING

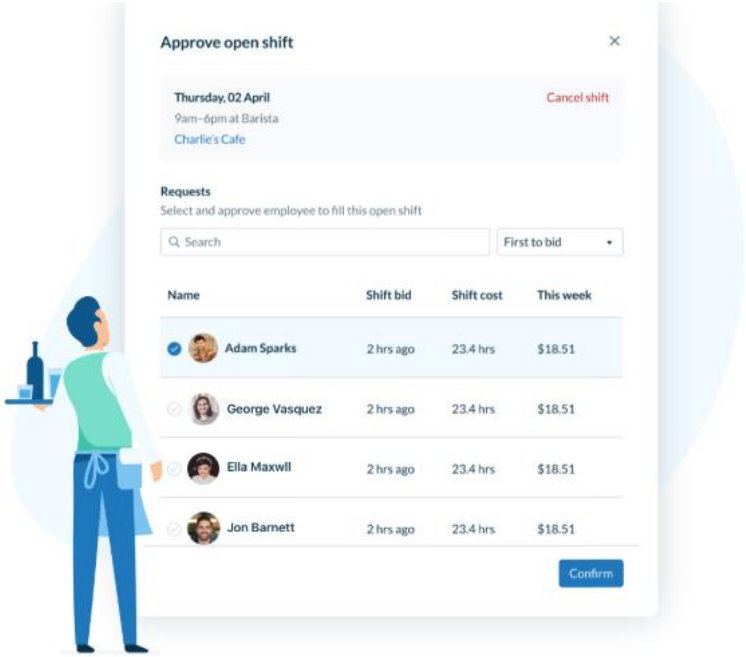
Create AI optimized schedules with a single click

Craft the perfect schedule for your business using Deputy's AI powered **Auto-Scheduling**, reducing unnecessary wage costs with accurate labor forecasts.



DEPUTY

Introduction to Deputy



OPEN SHIFTS

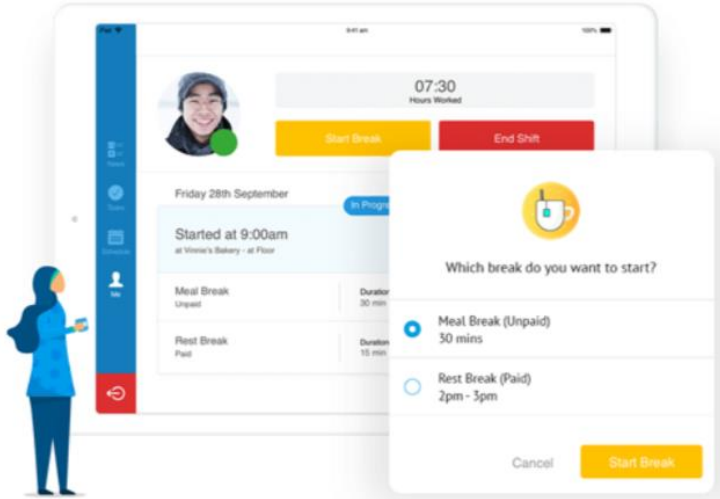
Fill empty shifts quickly

Share available shifts with your team via the Deputy app. Allow staff to apply for the shift, then pick the most suitable person for the job. Or simply fill the shift on a first-come, first-served basis.

BREAK PLANNING

Meal and rest break compliance made simple

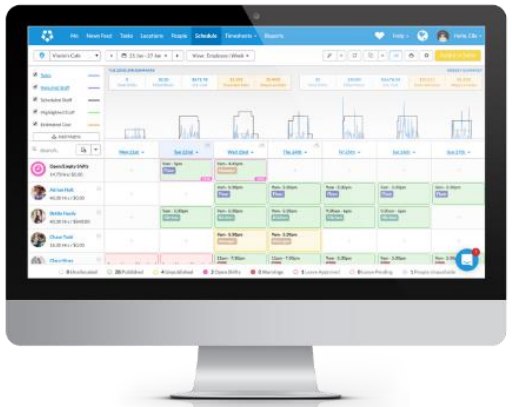
Schedule multiple breaks and break types in a single shift. Our scheduling app frees your business from the worries of break compliance and coverage.



DEPUTY

The integration

PALADIN™ DATA CORPORATION



DEPUTY

Each night, we send a summary of the day's sales by invoice to your Deputy account. For each invoice, Deputy receives the invoice ID, the date and time of the sale, the number of items sold, the total sale amount, and the ID of the employee who processed the sale.

Deputy Demonstration
