ID badges: Scan your way to more security and efficiency

Advantages of ID badge barcodes

- Replaces manual entry of credentials with an ID badge barcode scan
- Expedites the login process
- Speeds up the manager override procedure

ID badges: Scan your way to more security and efficiency

How to create the employee login barcode

1. Search online for a free linear barcode generator.
Example: <http://www.bcbgen.com/linear-barcode-creator.html>
2. For the barcode symbology/type, enter this code: 128
3. To create the barcode data/content, use this syntax:
employeeNumber~013employeePassword
Example: If the employee ID is 2 and the password is 9876, enter this:
2~0139876
4. Generate the barcode, and then print it.
5. Cut out the barcode, and then tape it to the employee's ID badge.
6. Open Paladin Point of Sale.
7. When the **Login** window appears, scan the barcode, and then verify that the employee was automatically logged in.

How to create the manager override barcode

1. Search online for a free linear barcode generator.
Example: <http://www.bcggen.com/linear-barcode-creator.html>
2. For the barcode symbology/type, enter this code: 128
3. For the barcode data/content, enter the manager's override password.
Example: If the manager override password is 1234, enter this: 1234
4. Generate the barcode, and then print it.
5. Label the barcode as the manager override barcode, and then tape it to the employee's ID badge.
6. Open Paladin Point of Sale.
7. Test the barcode in any manager override scenario.

ID badges: Scan your way to more security and efficiency

Best practices: ID badges

- Keep your ID badge in a secure place at all times.
- Avoid leaving your badge at checkout for easy price overrides, because theft can occur.
- Cover the ID barcode with thick clear tape or plastic for easy cleaning.
- Change your password occasionally.

Our next webinar

Build your customer base with RepeatRewards: Part 1 of 2
Guest speaker: Theresa Neal, New Business Development Manager

Tuesday, February 6th, 2018 @ 9:00 am PST

Join our guest speaker, Theresa Neal, for a webinar about RepeatRewards. Increase revenue and build your customer base with a loyalty program. RepeatRewards is integrated with Paladin Point of Sale, making it easy for you and your staff to use.

This webinar will focus on the importance of loyalty and utilizing the 100% branded, automated marketing platform that is included with our program. This platform allows you to reach customers through direct mail, email, a mobile app, and more.

We'll discuss ways to target potential new customers in your trade area with popular campaigns, such as New Movers. Learn the secrets of a successful marketing plan.
